## Grampian Wellbeing Festival

Here's how to get involved!

This is your chance to showcase your amazing activities and events that promote positive mental wellbeing. Whether you are in Aberdeenshire, Aberdeen City, or Moray, your events can be included in the relevant area festival programme!

Organisations are invited to offer free events during May that align with the National 5 Ways to Wellbeing: **Be Active, Connect, Learn, Give, and Take Notice**. Events can be indoors, virtual, or outdoors and must be free of charge.

Submit your events through [Grampian Wellbeing Festival](#) and make sure to add them just as you want them to appear in the festival programme. There is a word limit to follow for each event, so keep it concise to ensure everyone's events can be featured.

Social media editable posts and feedback links will be shared with you in relevant times.

If you have any queries about the information above or form, please email [gram.northpublichealth@nhs.scot](mailto:gram.northpublichealth@nhs.scot).

## SPARKING CHANGE

### Are you driven to create lasting, positive change?

**Sparking Change** is an enterprise programme designed to empower residents of Aberdeen City to make a positive change in society.

This is open to students, including those in part-time employment, with limited to no entrepreneurial experience. This FREE programme offers a blend of bespoke activities to equip participants with the knowledge, skills, and confidence to take the first step towards social entrepreneurship, with a focus on the **UN's Strategic Development Goals** (SDGs).

You might even explore a new business venture and could win a cash prize to get it off the ground! Participants must reside in Aberdeen City, however students throughout Aberdeenshire are also eligible if enrolled on a course and studying at one of the following institutions – University of Aberdeen, Robert Gordon University and North East Scotland College. Economically-inactive is defined as not currently in work and not actively seeking work in the last four weeks. If you have any questions about your eligibility, please email [sparkingchange@abdn.ac.uk](mailto:sparkingchange@abdn.ac.uk).

There are 3 upcoming workshops and a showcase event.

**LifeSpark for Change** will address the pressing challenges of zero hunger (SDG 2) and good health and well-being (SDG 3)

**EduSpark for Change** will focus on quality education (SDG 4) and decent work and economic growth (SDG 8). Explore how education and entrepreneurship can drive economic development and provide opportunities for all.

**GreenSpark for Change** is dedicated to climate action (SDG 13) and life on land (SDG 15). We will focus on ways we could tackle climate change and preserve our planet's biodiversity.

**Showcase Event:** 12 March (10 am - 4 pm)

Full catering will be provided at workshops and you can claim your travel expenses.

For more information on the programme and how to sign up, you can check out the website below.

## KINTORE TO TEALING 400kV OVERHEAD LINE PROJECT

### Final overhead line alignment consultation events

Scottish & Southern Electricity Networks are hosting a series of public events across the project route from Monday, 24th February until Thursday, 13th March 2025. These events conclude the Pre-Application Consultation (PAC) process for the consent application that will be submitted under section 37 of the Electricity Act 1989.

## Kintore to Tealing 400kV Overhead Line Project

Final overhead line alignment consultation events

**We are hosting a series of public events across the project route from 24 February until 13 March 2025. These events conclude the Pre-Application Consultation (PAC) process for the consent application that will be submitted under section 37 of the Electricity Act 1989.**

To support the growth in renewable developments across the north of Scotland, investment in our network infrastructure is needed to connect this power and transport it to areas of demand. This includes a new 400kV overhead line between Kintore and Tealing connecting to two new substations in Fetteresso Forest (Hurlie) and Tealing (Emmock).

We will be sharing our proposed alignment of the overhead line, including details on how this decision was taken. This will be

presented on maps and visualisations with booklets and handouts available for attendees and digital versions available to download on our project webpage.

Interested parties can attend our drop-in events to discuss our plans with the project team and share your thoughts on the final alignment ahead of submission of planning. Feedback can be provided through printed forms available at the events, the online form available on the project webpage or in email to the project inbox.

The events will be held at the following locations:

#### Monday 24 February, 2–7pm

Kintore Public Hall, 12 School Road, Kintore, AB51 0UX

#### Tuesday 25 February, 2–7pm

Echt Hall, Echt, Westhill, AB32 6UL

#### Wednesday 26 February, 2–7pm

Durris & Crathes Bowling Club, Sunnyside Avenue, Drumoak, AB31 5EF

#### Thursday 27 February, 2–7pm

Durris Kirkton Hall, Kirkton of Durris, Banchory, AB31 6BP

#### Monday 3 March, 2–7pm

Drumlithie Village Hall, Station Road, Drumlithie, AB39 3YT

#### Monday 4 March, 1–6pm

Inglis Memorial Hall and Library, High Street, Edzell, Brechin, DD9 7TF

#### Wednesday 5 March, 2–7pm

Dickson Memorial Hall, Station Road, Laurencekirk, AB30 1BE

#### Monday 10 March, 2–7pm

Menmuir Hall, Brechin, DD9 7RN

#### Tuesday 11 March, 2–7pm

Memus Community Hall, Memus, Forfar, DD8 3TY

#### Wednesday 12 March, 2–7pm

Forfar Reid Hall, Castle Street, Forfar, DD8 3HX

#### Thursday 13 March, 2–7pm

Tealing Village Hall, Hall Road, Inverdale, Tealing, DD4 0QW

We invite all interested parties to attend our drop-in exhibitions to discuss our plans with the project team and share your views.

# FUNDING - Success Story

## Empowered by Funding

Here's a story from one of members about how funding has helped them with their project.

[Friends of the Haughs](#) was established to improve biodiversity in the Haughs, Turriff, when Friends of the Den completed their mission to improve the playpark in the same area. Four members formed the current group, and have planted tens of thousands of flower bulbs, seeds, plugs and trees with the help of many local volunteers.

“

*We were lucky enough to receive SEED funding from NESCAN, and welcomed pupils from Turriff Primary School along to help us in late October. They helped us extend the no dig wild flower area we have created by laying cardboard over the grass, then covering with compost and finally planting thousands of wildflower seeds. What an amazing job they all did. Despite the extremely cold spells we have had since then, there are hundreds of green shoots appearing, and we look forward to seeing these develop into beautiful flowers soon. The no dig area was started earlier this year and the spring summer display we had was just breathtaking.*

”

- **COMMUNITY BENEFITS FROM NET ZERO ENERGY DEVELOPMENTS**

The Scottish Government is reviewing its Good Practice Principles for onshore and offshore renewable energy developments to ensure communities and developers maximise the benefits of community benefit schemes. These voluntary schemes have provided over £30 million in community funding in the past year, fostering positive relationships between renewable energy businesses and local communities. With advances in technology and changes in energy policy, this review aims to update guidance for both onshore and offshore renewables. The consultation will explore how best to support industry growth while ensuring local communities benefit from renewable projects, contributing to a just transition to net zero. **Consultation closes: 11 April 2025.**
