Project Support and Development

In Year 3 of the Just Transition Participatory Budgeting Fund, the NESCAN Hub team is ready to assist everyone in Aberdeen and Aberdeenshire in shaping and developing your project ideas and funding proposal. We will guide you through what kind of project and equipment is suitable for this capital fund and how you can develop your project in the most sustainable way. **ACVO** and **AVA**, our partners in this Fund, will help you with your organisational eligibility requirements. **NESCAN Hub** is hosting online events to offer guidance and inspire creativity for your projects, together with face-to-face drop-in sessions.

Check out the **JTPB events page** for more details. These events will provide insights into the fund, our partner organisations, project initiation, idea generation, and sustainable project development.

Join NESCAN Hub's upcoming events to kickstart the process of turning your innovative ideas into impactful projects. You can secure your spot at our online events by reserving tickets on **TicketSource** now.

envirolution aberdeen

Inspired by Manchester's successful environmental festival, which has been a hit for over a decade, Aberdeen is ready for its first one, **Envirolution Aberdeen** on Saturday, 28th September 2024 from 1 pm to 6 pm at Seaton Park! A day filled with activities, games, food, workshops, stalls and more. Don't miss on this exciting event - bring your family and friends and be part of the fun!

From engaging hands-on workshops on eco-friendly practices to fun games and educational activities for kids, there's something for everyone. Food lovers can savour delicious vegan options, while browsing stalls featuring eco-friendly products. This is your opportunity to support local artisans and businesses committed to reducing their environmental footprint and take positive action against climate change. Get inspired by talks from environmental activists and experts who will share their insights on how we can all contribute to making a difference. Keep an eye on the Envirolution Aberdeen website for the full list of events.

There are countless ways to get involved with Envirolution Aberdeen! From hosting stalls and activities to volunteering and sponsorships, this is a fantastic opportunity to connect with the community and make a positive impact on climate change and sustainability. Come along to this free and fun-filled festival to meet new people, gain new skills, take action and make a real difference.

You can find more information on the partners, stalls/activities and volunteering applications forms **here**.

THE RADICAL POTENTIAL OF PARTICIPATORY BUDGETING

**Thu, 5 Sept 2024
17:00 - 19:00**

**Station House Media Unit (shmu)
Station Road, Aberdeen**

You may be asking, "What is Participatory Budgeting?".

You may already have been part of a Participatory Budgeting process. You may have organised a Participatory Budgeting process in your area? Or you may just have an interest. If so, then this is the event for you.

We will start with some short presentations from people who have organised or been part of Participatory Budgeting in their areas, and how it has been used to make significant changes in terms of community control of resources in other parts of the world. We will then move into groups to hear from each other around the following questions:

- 1) What are your experiences of being involved in participatory budgeting?
- 2) What is the potential of participatory budgeting?
- 3) How do we make the most of participatory budgeting, in terms of engaging and empowering communities?

Sandwiches, tea and coffee will be available as refreshments.

MAP MAKING WITH CARRIE FERTIG

**Fri, 20 Sept 2024
10:30 - 13:00**

**The Gallery, The Barn,
Burn O Bennie, Banchory
AB31 5QA**

The Barn and Health of the Sublime invite participants to help make a multimedia handcrafted 'mindmap', based on the places we most intensely experience 'wellbeing' and 'the sublime' in the natural world.

Please bring a nature-based object which resonates with you creatively (e.g. a shell, pebble, branch etc...) to be incorporated into the large flexible map, which will be joined with others to make a giant quilt of wellbeing. We will incorporate text, textile skills including embroidery and other objects, and will engage in a discussion of the meaning of these, their connection to wellbeing, and how making and being in nature affect our outlook. Poems welcome! Everyone is welcome!

Leading the sessions is socially engaged interdisciplinary artist, Carrie Fertig, who works in performance, video, sound, installation, spoken word, and virtual reality. Fertig is also a maker in frameworkeed glass, used for its sonic properties including music and its ability to hold ideas. The foundation of her practice is engagement with collaborators or participants, and much of it is interactive to address emotional, spiritual, and physical states and thresholds. To find out more please visit www.carriefertig.com.

KNOWLEDGE EXCHANGE CAFES

**Thu, 24 Oct 2024
16:30 - 18:00**

Peterhead Library

If you enjoy taking part in discussions and stimulating conversation these Knowledge Exchange Cafes are the place to be. The talks are led by specialists who talk about their topic of expertise and then present to you questions which leads to discussion and conversation.

The cafes take place in person or online. If you attend in person, you will find the space set up with tables and chairs cafe style, so you will be sitting in small groups. Of course, you can't have a cafe without coffee therefore you can enjoy a hot drink whilst debate, discuss and deliberate.

Next up is: Climate Justice

Join Karina, NESCAN Project Officer and Community Development Officer for Formartine, to learn more about Just Transition and how climate justice can embrace the local as well as the international agenda.

Find out more about the event and reserve your spot [here](#).

FUNDING

- **LEAF - LOCAL ENVIRONMENTAL ACTION FUND**

Thank you everyone for your interest to the Local Environmental Action Fund (LEAF). We received an overwhelming number of applications for excellent projects and are currently reviewing them. Unfortunately, we will not be able to fund them all this round, but hope to have more available opportunities later in the year. Successful applicants will be notified in the upcoming weeks.

FUNDING

- **The SEED Fund is still OPEN**  **NESCAN^{HUB}**

NESCAN Hub has a small pot of funding for community climate action and biodiversity projects within Aberdeen City and Aberdeenshire. The Seed Fund is designed for small community projects. Therefore we can only fund organisations with an income of less than £50,000 per annum.

Grants are allocated to eligible projects on a first come first served basis while funds remain. Unless there are exceptional circumstances, grants are a maximum of £500 per organisation to enable us to fund as many organisations and projects as possible.

[find more about SEED Fund](#)

FUNDING

- **THE GORDON & ENA BAXTER FOUNDATION**

This fund supports a wide variety of capital projects in Scotland's North East and Highlands, from shinty sticks and audio visual kits to cutting edge cancer research equipment. Applicants should demonstrate a sound management plan, evidence local support and fundraising and show a clear benefit to their community.

Registered charities or constituted groups in Moray, Aberdeenshire, Aberdeen City, the Highlands, Comhairle nan Eilean Siar and Orkney and Shetland.

The trustees of the Gordon and Ena Baxter Foundation hold four funding rounds per year. Upcoming deadlines are: 25 October 2024

- **ABERDEENSHIRE COUNCIL - FOOD GROWING AND GREEN SPACES INITIATIVE FUND**

The aim of the Banff and Buchan Area Food Growing and Green Spaces Initiative Fund is to use the area committee budget to create food growing spaces, address communities' needs and encourage interest and development of these spaces. There are various ways you can use the funds for and applications can be made at any time.

LEARNING & RESEARCH

- **HEALTH OF THE SUBLIME VIDEO CLASS**

Health of the Sublime restarts with block two of free tuition on Thursday, 5th September 2024.

Video class meets outdoors at a different location every week for two-hour sessions, usually followed by a cuppa and cake!

We meet Thursdays 10 am-12 pm and the next course

begins September 5th and runs through October 10th. Sessions run six weeks, this is block two of three blocks of sessions. It's totally okay if you can't make every session. We begin with short exercises in listening and looking, (the sound and vision that is video), taking notes, and the class builds from there. Our notes from these brief beginning exercises combined with beautiful environments, build into longer video and sound works each session. Be prepared to have the way you experience the natural world deepened. Any and no experience levels welcome. Free of charge. You will see, hear, and experience the natural world differently. These classes are for folk 50+.
